

**WHEATON
SANITARY
DISTRICT**

Date: 10/17/2022
To: Residents in the Area of Sunnybrook
From: Wheaton Sanitary District
Subject: Northside Interceptor Sewer Replacement Project Construction

MEMO

Please be informed starting around Monday 10/24 Wheaton Sanitary District (WSD) will be doing heavy construction regarding its Northside Interceptor (NSI) Sewer Replacement Program on Sunnybrook Ln. between Childs St. and the southeast corner of Sunnybrook Ln. by the creek.

- We expect Sunnybrook Ln. to be closed to all but local residents for a minimum of 2-4 weeks
- You will be specifically notified on an individual basis if we expect access to your driveway to be temporarily unavailable or potentially a temporary disruption to your potable water service
- Following installation of the sanitary sewer, a temporary hard surface pavement or permanent road and parkway restoration will occur before winter
- Permanent restoration includes new driveway aprons and newly seeded parkways, along with new curb and gutter
- Garbage pickup time will remain on the same day as it is but pickup time will change to 6 A.M.
- Mail will not be affected
- For any further questions please contact [Jim Snell \(815\)-444-3321](tel:8154443321)
