August 5, 2022  
(Update to July 29, 2022 Notice)

Dear Wheaton Residents:

This notice is an update on the work within Part C of the NSI project, which includes the area between Winfield Creek and Manchester Road.

Since the resolution of the Local 150 International Union of Operating Engineers strike on Tuesday, July 26<sup>th</sup> the General Contractor, Benchmark Construction, has resumed typical construction activities required to prepare Hazelton Avenue and Childs Street for Hot-Mix Asphalt (HMA) paving.

Benchmark will be ready to pave HMA Binder Course on Hazelton and Childs no later than next Friday, August 12<sup>th</sup>. Benchmark and their Subcontractors intend to work this Saturday, August 6<sup>th</sup> and through the first part of next week to remove existing pavement, prepare intersections, complete combination curb and gutter installation, complete subgrade preparation and aggregate base course installation, and install HMA Binder Course (paving) along Hazelton Avenue, north of Winfield Creek, and along Childs Street from Hazelton Avenue through Vernon Avenue.

WSD's priority remains to provide safe access through the construction area and maintain the site in an acceptable condition. Thank you for continued patience while Hazelton and Childs are restored.

The primary contact during construction is the WSD's Resident Engineer, Jim Snell. Jim can be reached at 815.444.3321 or via email at [JSnell@baxterwoodman.com](mailto:JSnell@baxterwoodman.com).

There will be additional information about the Project posted to the District's News Section of its website, ([www.wsd.dst.il.us/News](http://www.wsd.dst.il.us/News)). Thank you in advance for your patience during construction.

Very truly yours,

WHEATON SANITARY DISTRICT
